SMALL GROUPS

description guide

No one should do life alone! In times of need and times of fun, Connection Small Groups are your source of friendship, support and developing connections with others. They are an opportunity to reach out to others, while growing in your walk with the Lord.

Groups meet at various places and times. The groups change and begin twice a year, so you will have the opportunity to try out different ones. On the back of this page we provide a brief description about each of our Small Groups.

It's easy to join a Connection Small Group, just contact the leader of the group you are interested in and get plugged in!
